Million dollar views for hundreds of thousands less!! This custom designed walk out bungalow takes advantage of gorgeous southwest views. The open design allows you to enjoy great sight lines from most areas of the home. The dining area and primary bedroom both offer access to a large maintenance free deck. A 4 piece ensuite completes the spacious bedroom. Main floor laundry and another 2 piece bathroom complete the main floor design. The walk out basement features in floor heat system ensuring comfort year round. The spacious family room opens up to a fully screened in porch area with easy access down to the water. 2 more bedrooms and a 3 piece bath complete the basement layout. A double attached heated garage is a great compliment to this darling of a home!
